

<p>Khaimuldinova Altyngul Kumashevna</p> <p>Position held associate professor, candidate of technical sciences of the department " Standardization, certification and metrology " ENU. L.N. Gumilyov</p> <p>Contact details: email: ahaymuldinova@mail.ru Tel. 87057439788</p> 	<p>Academic degree and title (KKSON, HAC) scientific school: Candidate of technical sciences by specialty 05.18.04 - "Technology of meat, dairy, fish products and refrigeration industries" (protocol No. 8 of 10/22/1998) The topic of the dissertation is "Improving the technology of safe combined products using biological products»</p>
<p>Professional experience: 1995 - trainee teacher of the department "Biotechnologies" State Institution "Semey". 1996 - Intern-teacher of the Department of General Chemistry, State Institution "Semey". 1998 - assistant of the department of production technology of processing industries. 1998–2001 full-time postgraduate student of SSU named after Shakarim; 2006–2009 department teacher "Technology of food products" SSU named after Shakarim. defended her thesis in the specialty: 05.18.04 - "Technology of meat, dairy, fish products and refrigeration industries"</p>	<p>Scientific interests: in the field research on the technology of processing industries using biologically active additives from animal, vegetable, and non-traditional raw materials. Khaimuldinova Altyngul Kumashevna has 89 publications, including 7 articles, 59 reports and abstracts at international scientific conferences, 3 analytical review and 4 innovative patents of the Republic of Kazakhstan for an invention, 2 positive decisions on an innovative patent of the Republic of Kazakhstan for an invention. Author of 3 monographs, 2 manuals, 1 bibliographic book.</p>
<p>2009 - 2011 - and about. associate professor of the department "Technology of food products" SSU named after Shakarim. 2011 -2014 - and about. associate professor of the department "Engineering technologies" Sh. Ualikhanov KSU, 2014 - 2018 - Head of the Department of Mining and Life Safety and Environmental Protection, Sh. Ualikhanov KSU 2018-present Associate Professor of the Department of Standardization, Certification and Metrology, L.N. L.N. Gumilyov</p>	<p>Scientific grants: (for the last 5 years, participation in implementation of scientific projects): Innovative project on the topic: "Improving the technology of protein-containing systems from secondary meat and dairy raw materials and their use in the production of meat products" dated May 25, 2011 No. 575. Innovative project on the topic: IRN: BR05236717 "Development and production of environmentally friendly food technologies using food industry resources" dated September 11, 2017 No. 454</p>
<p>Awards (membership in academies, trade unions, etc.), incentives, certificates - certificate "Tekhnikalyk retteu zhane metrology salasynda kadlardyn biliktiligin arttyru</p>	<p>Courses taught: 1. Risk-oriented approach in the field of standardization and certification 2. Metrology kazirgi zamangy aspects 3. Metrologylyk kyzmetterdi licenseau 4. Metrology 5. Metrological examination of technical documentation</p> <p>Monograph 1. Improving the technology of combined meat products, Lambert Academic Publishing, Saarbrücken, Germany, 2012.-186c. 2.
